Organization: Robert Bosch GmbH | Nation: Germany | Location: Stuttgart-Zuffenhausen | Functional Area: Logistics |
Level: Internship | Date: 24.01.2017 | Reference no.: DE00504510

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology – with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

The Corporate Sector Purchasing and Logistics has a global supervisory function and is involved in functional coordination activities for purchasing and logistics as well as performing strategic and operational purchasing functions. Controlling global purchasing and logistics activities within the Bosch Group leads to increasing the competitiveness and boosting the benefit to the customer. Currently, Robert Bosch is in process of implementing a new concept for its overland transport operations in Europe. All transports of all European plants will be planned and executed by the Transport Management Center (TMC). This will increase the transparency of the transport network, reduce costs and improve the logistical know how at Bosch.

Your contribution to something big

- ▶ Supporting Master data work package tasks
- ▶ Coordinating with plants across Europe (France, Germany, Hungary, Spain, Portugal, ...)
- ▶ Close cooperation with TMC Network Design and Implementation colleagues in Budapest
- ▶ Definition and documentation of the processes
- ▶ Design of required tools & templates

What distinguishes you

- ▶ Student of Bachelor/Master in Informatics or similar
- ▶ Excellent Excel knowledge and Programming of Macros (VBA)
- ▶ Microsoft Office and SQL know-how
- ▶ Open minded and flexible, independent working style
- ▶ Fluency in written and spoken English
- ▶ German language skills are an advantage
