

Internship Supply Chain Strategy (m/w)

Logistics

“Made by Bosch” stands for outstanding quality of a global player. Profit from the multitude of career opportunities in an internationally positioned company. The Business Division Power Tools establishes worldwide standards with innovative products for craft, industry, home and garden.

Your responsibilities:

- Contribute your support to the enforcement of a worldwide optimization and standardization among the Supply Chain at Bosch PT, especially:
- Conceptual, controlling and organizational support of warehouse management system projects:
- Support, preparation, implementation and go-live of new WMS at one of our largest warehouses
- Contribution to the development of PT’s WMS strategy
- Support of improvement projects

Your competencies and qualifications:

- You are studying Business Administration, Logistics, Business Computing, (Industrial) Engineering
- You are eager to gain first-hand experience by working on challenging WMS projects
- You combine technical and analytical skills with the ability to work goal-oriented and sustainable
- You have advanced know-how in MS Office and also know how to use MS Project or similar
- You have strong communication skills in German and English language (verbal & written)
